Profile

UX/UI designer with nearly three years of experience across enterprise dashboards, mobile applications and immersive digital experiences. Contributed to NITI Aayog Experience Centre, NACIN and LBSNAA projects. Works across user research, interaction design, prototyping, usability testing and developer handoff.

Experience

Tagbin Services Pvt. Ltd. | Gurgaon, India | Nov 2023 - Present

Executive UX/UI Designer | Apr 2024 - Present

- Design user flows and interfaces for enterprise dashboards, mobile applications and digital platforms across government and private-sector projects.
- Contribute UX/UI design to national-scale projects including NITI Aayog Experience Centre, NACIN and LBSNAA, translating stakeholder requirements into digital experiences.
- Conduct user research, usability testing and heuristic evaluations to identify pain points and guide design improvements.
- Work with product managers, developers and stakeholders to define user needs, prioritize features and deliver interface designs.

UX/UI Designer (Contract) | Nov 2023 - Apr 2024

- Designed responsive web and mobile interfaces with a focus on usability, accessibility and performance.
- Collaborated with developers on design handoff and implementation, refining interfaces to support usability and accessibility improvements.

UX/UI and Graphic Designer | Freelance, Remote | Oct 2023 - Jan 2024

- Designed websites, mobile interfaces, branding and marketing assets for 6+ clients, translating business goals into design concepts.
- Managed client projects from discovery and concept development through final delivery.
